### Edison Charges Local 47 With Unfair Practice

Southern California Edison Company filed an unfair labor practice charge this week with the National Labor Relations Board against Local 47, International Brotherhood of Electrical Workers, AFL. The Company's charge states that since October 29, 1952, the Union has refused to bargain collectively and in good faith unless the Company agreed to bargain on matters which it was not obligated to include under its agreement with the Union or under the law. Despite the Company's readiness and willingness to bargain, according to the charge, the Union intentionally and deliberately delayed collective bargaining. Upon various pretexts the Union representatives also refused to meet with the Company except at infrequent intervals, contrary to long established bargaining history and practice. Commencing March 10, the Company charges that the Union, through its conduct has made effective collective bargaining impossible.

### 'Week Old Organist' Plays for Church

Among the brand new drapes, the brand new bleached oak pews, and the brand new choir loft in the brand new Mormon Church there is a brand new organist.

Last Sunday she was just a week old—as an organist. Actually she is 18-year old Carol Jacobs, a first year student at El Camino College. The dark haired musician learned to play the organ much the same way the little tot learned to swim after he was pushed off the end of the pier and told to "Swim!" Carol has served the local ward of the Church of Jesus Christ of the Latter Day Saints as pianist for 3½ years. She came home from a vacation in Utah last week to find that the new piano was no mystery, but the keyboard, stops, base pedals and other paraphernalia of the new full keyboard Hammond organ posed a mite of a challenge. Someone showed her the location of the power switch. From then on she was on her own. That was a week ago. Last Sunday the youthful pianist played the organ for the first time for an audience larger than that of just her folks. Mr. and Mrs. Dave Jacobs of 1908 W. 222nd St. Her audience Sunday was 850 members of the church.

Many of the members of the church so accustomed to seeing Carol at the piano playing for the weekly services never realized she had switched to the complicated electric organ. They just took her presence before the congregation as a matter of routine. Few knew that six days before the services she touched the double keyboard of an organ for the first time. "Asked if she had any instruction on the instrument she answered, Well, yes and no." She glanced toward the altar. "I think it would be more proper to call it Guidance."

#### Lesson-Sermon Cites John I

The practical healing import of Jesus' atonement will be explained and illustrated in the Sunday Lesson-Sermon "Doctrine of Atonement" in all Christian Science churches.

The Golden Text from I John (1:3) reads, "That which we have seen and heard declare we unto you, that ye also may have fellowship with us; and truly our fellowship is with the Father, and with his Son Jesus Christ."

The Apostle Paul declares (Hebrews 4:15, 5:9), "For we have not an high priest which cannot be touched with the feeling of our infirmities; but was in all points tempted like as we are, yet without sin... And being made perfect, he became the author of eternal salvation unto all them that obey him."

A correlative passage from "Science and Health with Key to the Scriptures" by Mary Baker Eddy says, "We acknowledge Jesus' atonement as the evidence of divine, efficacious Love, unfolding man's unity with God through Christ Jesus the Way-shower; and we acknowledge that man is saved through Christ, through Truth, Life, and Love as demonstrated by the Galilean Prophet in healing the sick and overcoming sin and death" (p. 497).

#### Nativity Church Ground Breaking To Be Held Soon

Ground-breaking ceremonies for the new wing on Nativity Catholic Church rectory will be held within the next two weeks, the Rev. P. J. McGuinness announced yesterday. Over 1000 people are expected to add to funds for the new structure when they gather at Torrance Municipal Ball Park next Sunday, April 19, for a church-sponsored barbecue, he said. Two experienced chefs, Ray Garkow and Pat Reid, will prepare the meal, and two talented accordionists, Janene Colombo and Annette Leo, will present musical selections. Cost of the city-wide event is \$125 for adults and 75 cents for children, the reverend said.

Church Growing At the present time, the church in North Torrance, located on 174th St. just east of Yukon Ave., has a temporary building which has just been placed on a new foundation prepared by members of the church.

Sunday's program at the Central Church, Marcelina and Arlington, will begin with Bishop Warner speaking at the 11 a.m. services. He is the resident bishop of the Pacific Coast with jurisdiction over the Rocky Mountain states, Washington, Oregon, Montana, and California.

Ordination Set At 3 p.m. Sunday, Rev. Zeller will receive the highest honor of the church when ordained an elder. The official ordination will qualify him to perform all of the ordinances of the church, Rev. Miller said. The pastor and Bishop Warner will be assisted in the ceremony by Rev. Dr. Oliver E. Schafer, conference superintendent of the Southern California district.

Sunday's ordination service will complete a cycle of activity in the local church for Rev. Zeller. He began working in the church as a youth when his father was pastor, and he became a member of the church here. He was married here several years later to Lorraine K. Schroeder, and this congregation recommended him for his license as an ordained minister.

Considers Navy Rev. and Mrs. Zeller now live at 17035 Atkinson Ave. in North Torrance. He is considering a term with the U.S. Navy as a Chaplain.

Following the ordination service, a reception will be given in Central Guild Hall by the Ladies Guild of the Central Church and the Ladies of the Alpha Society of North Torrance.

The day's program will be concluded at 7:30 Sunday evening when Bishop Warner will show a series of colored slides

which he made while on a recent trip to the church's mission fields in Sierra Leone, British West Africa, and the Sudan Mission in Nigeria.
